## V. General Policies

A. Definitions of Connection Each residential unit occupied by a separate family including separate apartments located within a single building, and each business unit occupied by a separate business, including separate establishments within a single building, shall be deemed to be a separate connection for the purposes of this Order.

B. All Services Charged. At no time shall the district render water services without charge to any person, firm corporation, or organization. However, abnormal water bills caused by water line breakage, not due to customer negligence can be considered by the General Manager for reduction provided:

1. The bill is \$500.00 above their average bill for the previous 12 months.
2. The break is verified by the district.
3. One reduction every two years.

C. Other Utilities- Prior to installing underground or above ground utilities of any kind within or across an existing easement of the District, representatives of the installing utility shall contact District management to submit engineered construction plans and schedules for review. District spacing requirements, and comments must be added to the installing utilities plans before any construction with the Districts easement is permitted.

D. Denial of Service. The district may deny service for the following reasons:

1. Failure of the applicant or transferee to complete the required forms.
2. Failure of the applicant to grant the district an easement.
3. Failure of the applicant to comply with the rules, regulations, policies, and bylaws of the district
4. Existence of a hazardous condition at the applicant's property that would jeopardize the welfare of the customer/users of the district upon connection.
5. Existence of inadequate facilities, as determined by the District or the District's Engineer, for the connection of the applicant's requested tap to the district's system.
6. Failure of the applicant to meet other applicable regulations of various municipal, county, state, or federal agencies having jurisdiction over the use of the district's facilities.
7. Failure of the applicant to provide proof of ownership, to the satisfaction of the district of the property for which the tap has been requested.

E. Statement-Of-Responsibility. The district does not accept liability for damages caused by service interruptions due to waterline breaks by utilities or like contractors, tampering by other users of the district, other events beyond the district's control, or for normal failures of the System.
