

EFFECTIVE TODAY 08/31/2022
WICKSON CREEK SPECIAL UTILITY DISTRICT
LIFTS ALL STAGES OF DROUGHT CONTINGENCY

Effective today, Wednesday 08/31/22, Wickson Creek SUD lifts all stages of drought contingency restrictions. Although restrictions have been lifted due to sufficient rain, cooler weather, and reduced usage, Wickson Creek SUD is still requesting customers to continue to conserve water, when possible, to preserve this precious natural resource.

Wickson Creek SUD Board, Management and Staff want to thank you, our valued customers, for working with us to ensure safe and dependable water is always available.
