SERVICE APPLICATION AND AGREEMENT (CONT'D)

AGREEMENT made this ** _____ day of _____

Between **WICKSON CREEK SPECIAL UTILITY DISTRICT**, a Political Subdivision

Created under the laws of the State of Texas (hereinafter called the District) and

**, _____, (hereinafter called the Applicant or Customer).

(Your Name)

The District shall sell and deliver water service to the Applicant and the Applicant shall purchase, receive, and/or reserve water service from the District in accordance with the District's Order Setting Rates and Policies as amended from time to time by the District's Board of Directors.

The Customer shall pay the District for service hereunder as determined by the District's Order Setting Rates and upon the terms and conditions set forth therein, a copy of which has been provided as an information packet, for which Customer acknowledges receipt hereof by execution of this Agreement.

The Board of Directors shall have the authority to discontinue, terminate, or suspend the water service of any applicant not complying with any policy or not paying any utility fees or charges as required by the District published rates, fees, and conditions of service.

All water shall be metered by meters to be furnished and installed by the District. **The meter is for the sole use of the Customer and is to provide service to only one (1) dwelling and/or only one (1) business. Extension of pipe or pipes to transfer utility service from one property to another, to share, resell, or sub-meter water to any other persons, dwellings, business, and/or property, etc., is prohibited.**

The District shall have the right to locate a water service meter and the pipe necessary to connect the meter on the Customer's property at a point to be chosen by the District, and shall have access to its property and equipment located on the Customer's premises at all reasonable times for any purpose connected with or in the furtherance of its business operations, and upon discontinuance of service the District shall have the right to remove any of its equipment from the Customer's property.

The District's authorized employees shall have access to the Customer's property, premises, and facilities at all reasonable times for the purpose of inspection, to ensure compliance with state-required Minimum Acceptable Operating Practices for Public Drinking Water Systems, as promulgated by the Texas Commission on Environmental Quality or successor agency, applicable plumbing codes, and utility construction standards. The District strictly prohibits the connection of service pipelines from its water service meter to any private well or other unknown water supply.

If the total water supply is insufficient to meet all the needs of the Customers, or if there is a water shortage, the District may initiate the Emergency Rationing Program as specified in the District's Water Conservation Plan. With execution by the Applicant of this Agreement, Applicant hereby shall comply with the terms of said Plan.

The Customer shall install at his own expense any necessary service lines from the District's facilities and equipment to the point of use, including any customer service isolation valves or other equipment as may be specified by the District. The use of pipes and pipe fittings that contain more than 0.25% lead or solders and flux that contain more than 0.2% lead is prohibited for any plumbing installation or repair of any residential or non-residential facility providing water for human consumption and connected to the District.

SERVICE APPLICATION AND AGREEMENT (CONT'D)

By execution hereof, the Customer shall hold the District harmless from any and all claims for damages caused by service interruptions due to waterline breaks by utility or like contractors, tampering by other customers of the District, normal failures of the system, or other events beyond the District's control.

As a condition of service, the Customer shall grant an easement, at a minimum of 20 feet in width, for the purpose of installing, maintaining, and operating such pipelines, meters, valves, and any other such equipment which may be deemed necessary by the District to extend or improve system-wide service.

The Customer is responsible for informing all contractors, other utility companies or anyone who will be digging on your property, of the location of the waterline. Locate Request must be made through Texas 811, 48 hours prior to excavation. If a locate request is not made and the Wickson Creek SUD waterline is damaged, the customer / contractor may be billed for the cost of repair.

Meters are the property Wickson Creek SUD. Unauthorized connection of a meter is illegal under State Law. Damage to the District's equipment (meter, endpoint, meter box, etc.) may result in repair or replacement fees charged to the customer. The District has the right to access meters whenever necessary.

By execution of this Service Application and Agreement, the applicant agrees that non-compliance with the terms of this Agreement by said Applicant shall constitute denial or discontinuance of service until the violation is corrected to the satisfaction of the District.

Any misrepresentation of the facts by the Applicant on any of the three pages of this form shall result in discontinuance of service pursuant to the terms and conditions of the District's Policies.
